

# GLOBAL PRODUCT

## The Midshore Free Zone solution through RAK ICC

Global Product is a midshore free zone company, permitting the registration of a new legal entity or migration of an overseas company through the RAK ICC registered agents with a range of permitted activities (Commercial, Services, E-Commerce, Media and Educational).

The company registration, amendments, renewals and deregistration of the Global Product are to be processed through the agents.

## Why set up a Global Product?

- Ability to comply with UAE substance requirements
- Eligibility to apply for UAE Residence Visa
- Eligibility to apply for Tax Domicile Certificate
- Remote registration with e-documents and no physical presence required
- Variety of facilities options, such as co-working spaces, serviced offices and executive offices
- High credibility with UAE banks
- Ease of Redomiciliation from within the UAE or globally
